Subcategory: Seating
Certification Period: 01/2011-01/2014

MultiGeneration by Knoll Chair

Certified Sustainable to the Triple Bottom Line: Good for the Environment, the Economy and for Social Equity

MultiGeneration by Knoll™ Chair

To achieve SMaRT® Sustainable Product Certification at any level, products must achieve 14 prerequisite points and score a minimum of 28 out of 162 points in the following areas covering all product stages across the global supply chain:

- Safe for Public Health & Environment
- Renewable Energy & Energy Reduction
- Biobased or Recycled Materials
- Facility or Company Requirements
- Reclamation, Sustainable Reuse & End of Life Management
- Innovation in Manufacturing

Under these areas, products are required to:

- Provide Feedstock Inventory Documentation
- Document the Input and Output of Stockholm Chemicals
- Maintain a Manufacturing Facility Energy Inventory
- Keep an Inventory of all Biobased and Recycled Content Materials
- Have EMS Environmental Policies and Targets
- Have Social Indicator Reporting for Manufacturers (working conditions)
- Use ISO Life Cycle Assessment process
- Have Operational Reclamation and/or Sustainable Reuse Programs
- Have Product Performance Durability (long lasting products)

To earn a Sustainable Gold rating, MultiGeneration by Knoll earned 91 points:

- 30 points:** Safe for Public Health & Environment
GREENGUARD Children & SchoolsSM certified
- 30 points:** Renewable Energy & Energy Reduction
Lubin Manufacturing Facility offsets 100% of electricity used at site with wind energy
